

Back to Black - Amy Winehouse (♯ = 123, Kapo V)

Am Dm F E

He left no time to regret You went back to what you knew
Kept his dick wet So far removed
With his same old safe bet From all that we went through

Me and my head high And I tread a troubled track
And my tears dry My odds are stacked
Get on without my guy I'll go back to black

We only said goodbye with words
I died a hundred times
You go back to her
And I go back to (.)
I go back to... us

I love you much And life is like a pipe
It's not enough And I'm a tiny penny
You love blow and I love puff Rolling up the walls inside

We only said goodbye with words |
I died a hundred times | (2x)
You go back to her |
And I go back to |

Am F^{maj7} C E
Black, black, black, black

Am F^{maj7} C E E7
Black, black, black, I go back ... I go back

We only said goodbye with words
I died a hundred times
You go back to her
And I go back to

We only said goodbye with words
I died a hundred times
You go back to her
And I go back to black (-> Dm)
