

Storm - The mighty oaks (♯ = 82)

Bm F#m A^{sus2} E

Some say I'm moving
From the wrong clough, that I'm lost
That I'm only ravelling out
I got loose ends coming out

And if you close your eyes now
You can keep the world out
And if you close your eyes now
You keep it spinning around

And I'm lost in the woods
And the darkness is coming
The storm is all around
Can you hear me cry?

If I'm lost in the woods
And the darkness is coming
The storm is all around

Feels like I'm floating
Down a river that I know
Twisting and turning
Oh my head's gone down alone

And if you close your eyes now ...

If I'm lost in the woods
...
G
Can you hear me cry?

If I'm lost in the woods
...
G
Can you hear me cry?

G
Can you hear me cry?
